PALOMA LEATHER

PALOMA leather is elegant, smooth and timeless. It's a slightly corrected semi aniline leather with a warm and soft touch. Semi-aniline leather is a lightly sanded leather that is supple and soft, with an elegant look. The leather may be lightly patterned or retain its natural grain, which is slightly stronger than with full-grain semi-aniline leather. Sitting comfort remains high, as the ability of the leather to breathe is partially preserved.

PALOMA leather is free of chrome and produced without PCP and CFC and fulfils the requirements according to BS5852 CRIB 5.

YA'FABRIK **PALOMA** comes in 60 selected colours, in order to best match your design taste.
